TRAIL ARMOR® MUD FLAPS

Be ready for Anything.

The new Trail Armor® Mud Flap is the perfect fit for the Pocket Style® Flare and gives you the comfort and protection you need for whatever the road throws at you. The ABS construction provides flexible protection that attaches to the flare.

The perfect complement for the Pocket Style flare, this one-of-a-kind look combines to give you protection on and off road with easy installation. The Trail Armor® Mud Flaps provide an additional 10" of drop and 10" of width in tire coverage.

The Trail Armor® Mud Flaps are sold in pairs and are launching for all current model truck applications. As with all Bushwacker® products, these are backed by an industry leading warranty.

TRAIL ARMOR® FOR TRUCKS

Arm your truck with the ultimate protection for rocker panels and sill plates.

TRAIL ARMOR® FENDER FLARE DELETE KIT

Bushwacker®, the off-road icon and originator of the bolt-on fender flare, introduces an innovative addition to the Trail Armor® line of products with its patent pending Trail Armor® Fender Flare Delete Kit. The Trail Armor® Fender Flare Delete Kit for the Jeep Wrangler JL provides added protection when you need maximum clearance on the trail and opt for no flare.

- › The Wrangler JL Delete's trail-taming design delivers maximum clearance by eliminating the factory flare
- › Made of durable TPO material that protects the areas that are exposed when the flare is removed
- › Provides maximum tire clearance with a polished look when flares are removed
- › The rugged design covers all the fender holes for a light weight option and sleek body profile
- › Flows with the contours of the Jeep and its rugged, chiseled styling
- › Sold in complete sets of four to give front and rear coverage
- › Easy no drill installation and all the necessary hardware is included
- › Backed by an industry leading warranty
