V Series V3 Aluminum Side Steps

Complete application coverage

5 Year Limited Warranty

No-drill installation on most applications

Constructed of corrosion-resistant aluminum, and finished with a textured black powder coating, Go Rhino's V Series V3 Side Steps offer strength and rugged good looks while reducing the risk of slipping when stepping up into your vehicle. The 5" wide ellipse-shaped boards feature anti-slip polymer step pads with a multi-dimensional tire tread pattern so rain, snow and slush easily drain. Each V Series V3 board is fortified with a dual core full length extrusion allowing the board to support up to 300 lbs per step pad (600 lbs per side for 4-door vehicles). V Series V3 Side Steps are backed by Go Rhino's industry-leading 5-year limited warranty.

- Corrosion-resistant aluminum construction with textured black powder coat finish for longer product life
- Ellipse-shaped board provides wide 5" step pad area for greater safety and security
- Anti-slip polymer step pad with multi-dimensional tire tread pattern allows rain, snow and slush to drain from surface, reducing risk of slipping
- Internally fortified extruded aluminum core supports up to 300 lbs per step pad-600 lbs total per side
- Industry-leading 5-year limited warranty

RB Series Running Boards

5 Year Limited Warranty

No-drill installation on most applications

Go Rhino's best-selling RB Series running boards give Jeeps and trucks the latest Raptor-inspired style and function.

- Cab length running boards for popular crew cab and extended cab trucks
- Constructed of galvanized steel
- Available in two finishes:
Protective bedliner coating or textured powder coat for corrosion, impact and abrasion resistance
- Sold in vehicle-specific sets, which include mounting brackets for a simple, no-drill installation
- 4-inch drop down steps (sold in pairs) offered in two finishes:
Protective bedliner coating (#69420000T)
or textured black powder coat (#69420000PC)
- Matching RB10 Hitch Step
Protective bedliner coating (#RB610T)
or textured black powder coat (#RB610PC)
- Matching RB20 Hitch Step
Protective bedliner coating (#RB620T)
or textured black powder coat (#RB620PC)

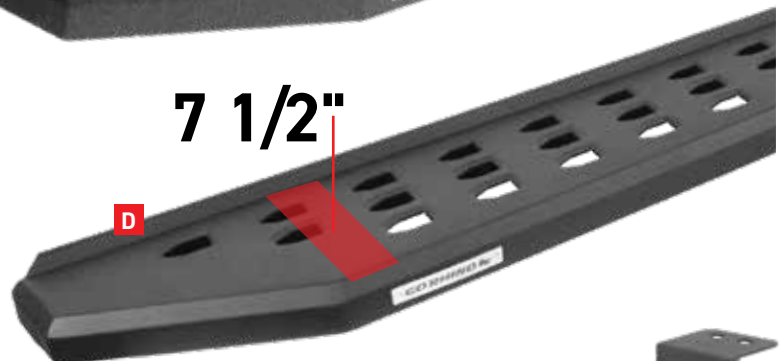

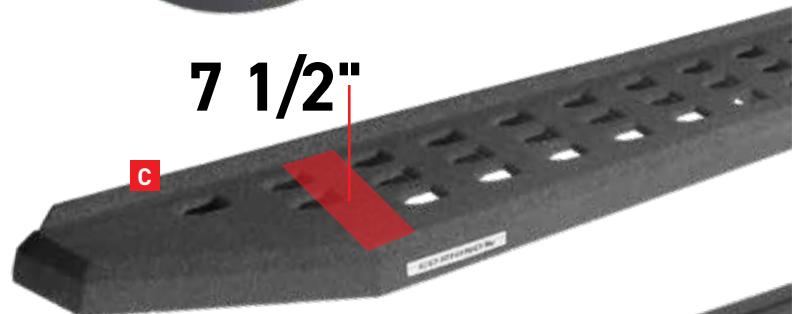

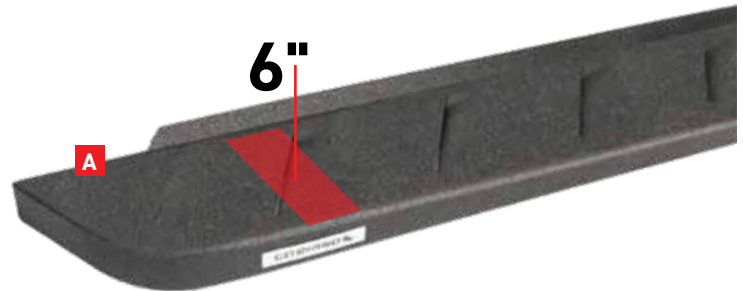

A RB10 Bedliner Finish

B RB10 Textured Black Powder Coat Finish

C RB20 Bedliner Finish

NEW

RB Slim Line Running Boards

Heavy duty, classic and modern styled running boards are built tough and can protect your truck from the punishment of the road and environment. All-new RB Slim Line Running Boards protect your paint from flying stones and gravel while providing a wide, full-length step platform for easy entry front or back doors. Raptor inspired style, built from 16-gauge zinc-coated steel and sprayed with a durable black textured finish for corrosion, impact and abrasion resistance.

- New slim profile design has a slim appearance that is a perfect look for trucks, Jeeps and SUVs
- Sits tighter against the cab while providing adequate step surface and ground clearance.
- Cab length running boards for popular crew cab for popular full-size trucks, mid-size trucks, Jeeps and SUVs.
- RB10 Slim features classic louvered design with 4" of surface at widest point
- RB20 Slim features modern bullet stamped tapered board with 5 1/2" of surface at widest point
- Sold in vehicle-specific sets. Includes mounting brackets for a simple, no drill installation.
- Constructed from galvanized steel for additional corrosion protection.
- Available in two finishes: protective bedliner coating or textured powder coat for corrosion, impact and abrasion resistance.
- 5-year limited warranty

NEW

RB Series Hitch Step

The RBS Hitch Step complements the RB Slim Line Running Boards. The RBS Hitch Step is built from 16-gauge galvanized steel and coated with a durable black textured finish for corrosion, impact & abrasion resistance. Fits 2" receiver hitches.

- 18" step ensures plenty of stepping area
- Fits 2" hitches
- Aggressive Raptor-inspired styling to match your RB board
- Available in textured black and protective bedliner coating
- Protects you from rear end collisions
- Provides easy access to a truck bed, SUV and/or roof rack

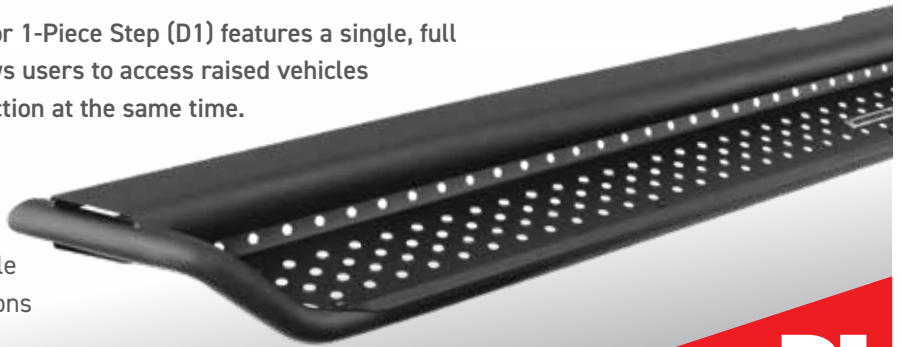

Dominator Xtreme Side Steps

5 Year Limited Warranty
Simple, no-drill installation on most applications

DOMINATOR XTREME D1 The Dominator 1-Piece Step (D1) features a single, full length drop down step. The step design allows users to access raised vehicles more easily and provides rocker panel protection at the same time.

- Full length drop down step
- Protects rocker panel from trail obstacles and road debris
- Steel step plate is removable and paintable
- Uses OEM step and rock rail mount locations

**D1**

DOMINATOR XTREME D2 The Dominator 2-Step (D2) welded sidebars are available in cab length and feature dropped hoop steps to make entry and exit easy.

- One-piece main bar constructed of steel tubing
- Rugged style enhances truck appearance
- Dual hoop steps on each side
- Punched, galvanized steel step pads for extra no-slip grip
- Step plates are removable and paintable

**D2**

DOMINATOR XTREME D6 The Dominator 6-inch Step (D6) features a wide step area and raised hex pattern for no-slip grip. Optional bolt-on 4-inch drop steps available.

- Dual purpose design and steel construction allows D6 to be used as a step and a rock slider
- Punched steel step plate area has raised hex pattern to provide no slip grip
- Mounts tight to rocker panel for maximum ground clearance and protection

**D6**

DOMINATOR XTREME DSS The Dominator Slider-Step (DSS) features a full length slider design on bottom surface and raised steel upper surface for safe grip. The step plate is removable for a minimal look or paintable for customization.

- Full length slider with outer rub rail and removable full length steel step
- Great for high clearance use when step area is still needed
- Protects rocker panel from trail obstacles and road debris
- Steel step plate is removable and paintable
- Uses OEM step and rock rail mount locations

**DSS**

DOMINATOR XTREME DS The Dominator Slider (DS) features a full length rub rail and allows users to access raised vehicles more easily while providing rocker panel protection. The step pads can be mounted in different positions along the outer rail or removed entirely.

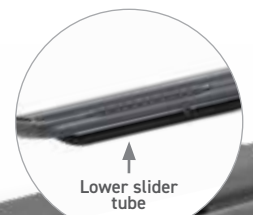

- Full length slider with outer rub rail and removable steel step pads
- Steel pads can be positioned in several locations along rub rail
- Great for high clearance use when step area is still needed
- Protects rocker panel from trail obstacles and road debris
- Uses OEM step and rock rail mount locations
- Select JEEP and Toyota applications only

**DS**

NEW!

DOMINATOR XTREME DT Fit, function and style strike a balance with the Dominator Xtreme DT. Tri-Tube design provides exceptional protection when off roading, and a solid step surface. Designed to take the impacts and scrapes you'll incur while driving on your favorite trail. The design of the DT gives you needed protection, as well as a step surface to get into your rig.

- Full length slider step with tri-tube design.
- Great for high clearance use when step area is still needed
- Protects rocker panel from trail obstacles and road debris
- Uses OEM step and rock rail mount locations
- Textured black powder coat finish

NEW

Element Bumper Series

for Toyota Tacoma, RAM, Silverado, F150, 4Runner, Tundra

Off-road capability and modern styling merge for this powerful new “street fighter style” bumper. Optional power bar allows the center light bar to hide away with a flip of a switch.

- A** Dramatically improves factory appearance and provides additional tire and ground clearance
- B** Mesh panels are paintable/customizable, reduce weight and improves air flow
- C** Multiple light pods can be added to each wing
- D** 14 gauge 1/8" steel shell with 1/4" steel mounting brackets
- E** Exclusive, dual function 1-inch thick inverted tow hook/D-ring mounts that can fit up to 7/8" diameter pins
- F** Front bumper ships light-ready with static mounting plate for fixed 20" double row LED light bar*
- G** Patent-pending Power Bar actuator #340001T available. Panel hides double row light bar* at the flick of the switch
- H** Rear bumper works with factory hitches/tow light/plug packages
- I** Integrated rear license plate holes
- J** Utilizes factory license plate lights

*Front lights not included. Some assembly required.

Trimming of front fascia required for Toyota Tacoma / 4Runner applications.

for 2016-21 Toyota Tacoma Double Cab

- Low profile aluminum construction for a sleek, aerodynamic look that will last the life of your vehicle
- Equipped with Go Rhino's exclusive 4-CORE cross bars, the extruded track system that works with any 1/4x20 hex bolt, is Quick Fist®-compatible and provides unlimited accessory mounting options for gear and trail tools
- Front 4-CORE rail supports front fairing and mounts individual lights and light bars easily and securely
- Four side panel slots with removable mesh screens fit most 6-inch single row (SR) lights, mounting brackets included
- Full front fairing with dropped front edge allows most single row LED light bars to remain flush with frame
- No drilling required, all steel mounting hardware included
- Vehicle specific applications for a perfect fit for a no-drill install or clamp on install

Sport Bar 2.0

Compatible with most bed covers
Available in textured black or stainless steel

SPORT BAR 2.0 is an amp up version of a classic favorite for most full-sized and mid-sized trucks and includes standard fixed mounts that can accommodate individual lights (up to 6") at one time. The optional power-actuated hideaway mount allows the lights to retract flush inside a protective light box.

- Standard fixed mount version is compatible with lighting arrays including a variety of individual lights and LED bars up to 40".
- Removable side plates
- Light bracket kit available (468301T) for mounting of smaller lights
- Compatible with most tonneau covers

NEW

Sport Bar 4.0 for 2016-2021 Toyota Tacoma

SPORT BAR 4.0 has a fresh and agile design that complements the look of any truck, giving it a more aerodynamic and modern look, following the vehicle's lines. Thanks to the included bracket, it can be mounted with most tonneau covers. Additionally, it allows the mounting of LED lights with the complementary auxiliary light mounting spoiler (sold separately).

- The lightest option for mounting a Sport Bar on the pickup bed freeing the pickup from carrying additional weight
- Available in 2 finishes: textured black powder coat and stainless steel
- Compatible with most tonneau covers
- Internal hook to secure light loads
- Optional spoiler for mounting auxiliary lights (sold separately)

Bed Bars

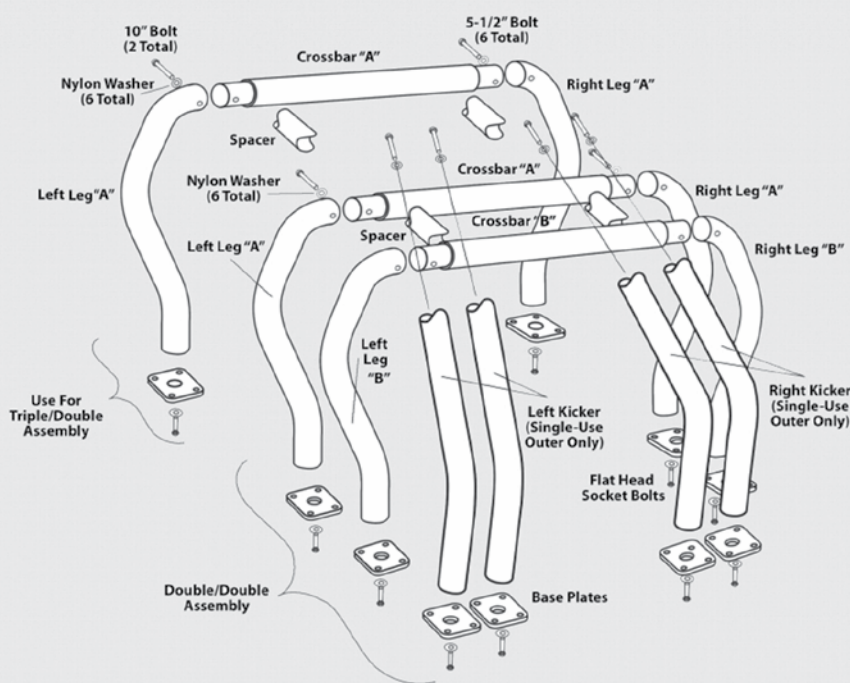

When you install your Go Rhino Bed Bars, two things are true: the sheer size of these bars gives your truck an intimidating edge, and bolting together the bars eliminates exposed welds. Accessories that are custom-built for your truck really make your ride jump out in the crowd! Once you start decking it out with bed bars you really set your vehicle apart from the pack. Fortunately for you, Go Rhino makes it easy to customize the most average looking stock truck into a superstar!

- Made of 3" diameter steel tubing
- Easy bolt together design with no exposed welds
- Included plastic gaskets eliminate metal to metal contact
- Available in textured black powder coat, chrome and polished stainless finishes
- Single, double and triple bar style
- Drilling Required

HOW TO ORDER BED BARS:

Single-Single	Parts Needed: 1 Main Bar, 1 set of kickers
Double-Single	Parts Needed: 1 Main Bar, 1 Optional Add-on Bar, 1 set of kickers
Double-Double	Parts Needed: 1 Main Bar, 1 Optional Add-on Bar, 2 sets of kickers
Triple-Single	Parts Needed: 1 Main Bar, 2 Optional Add-on Bars, 1 set of kickers, 1 Triple Assembly Kit
Triple-Double	Parts Needed: 1 Main Bar, 2 Optional Add-on Bars, 2 sets of kickers, 1 Triple Assembly Kit

Stake Pocket Bed Rails

The Go Rhino Stake Pocket Bed Rails attach to your truck using no-drill pocket mounts. The rails provide an attractive appearance while also functioning as a grab handle or to secure tie-down straps.

- No-drill stake pocket mount design
- Welded steel base plate for extra strength and easy installation
- Glued foam mounting gasket avoids metal contact
- Custom tool box size rails available
- Available in textured black powder coat, chrome plate, or polished stainless steel finishes

5 YEAR WARRANTY
ON TEXTURED POWDER COAT FINISH
LIFETIME STRUCTURAL WARRANTY
